We removed the Hammer HB 210-H25V from our product line
We improved and modernized the Hammer HB 150-H22V
Price Increase on Air Hammers

New DI-Hammers

Model	Part Number
HB 200-H25 V	6061028 A
HB 250-H25 V	6061029 A

Discarding of Hammer HB 210-H25V from DI-Assortiment

Model	Part Number
HB 210-H25 V	6060018

Change Description:

We removed the Hammer HB 210-H25 V from our product line and replaced it with two different models:

HB 200-H25 V (Weight 20kg), HB 250-H25 V (Weight 25kg).

These hammers differ from the old model because of the total weight (was 21kg). Also, an oiler was integrated into the fist-grip. The other technical details remain the same; changes were mainly made to the internal parts. Old parts and new parts are not interchangeable!

The hammer HB 150-H22V was modernized. The original swivel start was replaced by a more ergonomic slider start. The other technical details remain the same; changes were mainly made to the internal parts. Old parts and new parts are not interchangeable!

These grinders are not standard products, delivery time is available upon request.

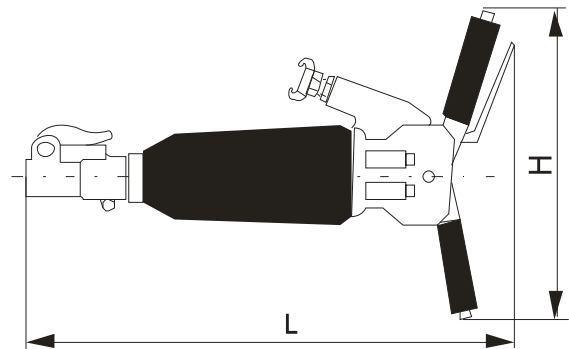

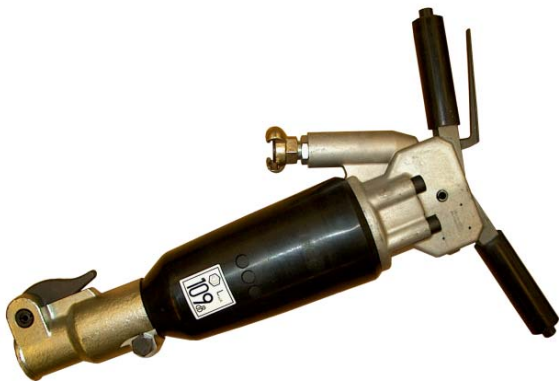

Official date of sale: April 1st, 2008.

Specifications

Model	HB 200-H25 V	HB 250-H25 V
Insertion tip	H 25x108	H 25x108
